Bill of Sale

The parties

Seller: _____

Seller's address: _____

Buyer: _____

Buyer's address: _____

The property

The Seller sells to the Buyer the following property (the "Property"):

Description: make, model, serial number, condition and anything included

Price and payment

The total price is USD _____. The Seller confirms receiving USD _____ toward the price as of the Seller's signature. Any balance is due at handover, paid by _____. The total price includes any sales tax the Seller is required to collect on this sale. A check counts as payment only when it is honored. The Seller need not hand over the Property before receiving payment in full.

Transfer of ownership

The Seller will hand the Property over to the Buyer on _____, at _____. Ownership of the Property, and the risk of accidental loss or damage to it, pass to the Buyer when the Buyer takes possession at that handover. This does not limit the Buyer's rights if the Property does not match this bill of sale, or either party's responsibility for damage that party causes.

The Seller's promises

The Seller promises that the Seller owns the Property and has the right to sell it. The Seller will obtain any consent needed for the sale and will deliver the Property free of any lien, loan, security interest or other third-party claim. Any existing claim that must be released, and how the Seller will obtain its release before or at handover, is listed here (leave empty if none):

_____. The Buyer need not accept handover until the Seller provides evidence of any required release. If the Seller does not hand over the Property free of

such claims on the handover date, or by a later date the Buyer agrees to in writing, the Buyer may call off the sale by written notice, and the Seller will promptly refund everything the Buyer has paid.

Condition

If the Buyer has not already inspected the Property, the Seller will give the Buyer a reasonable opportunity to inspect it at handover before accepting it and paying any balance then due. The Seller's promises above, and any description, promise or sample that is part of the bargain, remain part of this sale.

If the Seller is not selling in the course of a business, the Property is otherwise sold "as is", with all faults, and the Seller gives no other warranty, including any implied warranty of merchantability or fitness for a particular purpose, to the extent the law allows. If the Seller is selling in the course of a business, this bill of sale does not disclaim any implied warranty.

Nothing in this bill of sale limits a right or remedy that the law does not allow the parties to give up.

General

The laws of the State of _____ govern this bill of sale; choose a state connected to the parties or the sale, such as the state of handover. This choice does not take away any protection that applies by law regardless of that choice. Other agreed terms, including any repairs, warranties, descriptions or samples relied on (enter "none" if there are none):

Other agreed terms; identify any listing, sample or attached warranty

This bill of sale and any attachments identified in it are the parties' agreement. Nothing in this paragraph excludes a description, promise or sample preserved by the Condition section. The parties agree to sign electronically.
